

# Sifting for Gold in *Loose Change* . . .

## 1) The Gold Nuggets

Strong evidence – irrefutable inside job

- “WTC7 fell straight down, into a convenient little pile, in 6 seconds.”
- “The Twin Towers came down in nearly free fall speed.”
- “The [WTC] remains [were shipped] off to recycling yards overseas before investigators could even examine them.”
- “And is it merely coincidence that the Pentagon was hit in the only section that was recently being reinforced to withstand that very same kind of attack?”
- “So four different black boxes, made from the most resilient materials known to man, were destroyed.”
- “And for some reason, the last three minutes of the [Ft 93] tape was unaccounted for. The FBI had no explanation for the discrepancy.”
- “Newsweek reports that a number of top Pentagon brass cancel their flight plans for the next morning.”
- “On September 11th, 2001, NORAD is in the middle of a number of [up to 5] military exercises . . . leaving 14 fighter jets to protect the entire US.”
- “It was a psychological attack on the American People, and it was pulled off with military precision.”

## 2) The Fool’s Gold

Pseudo evidence – distracting and discrediting the 9/11 truth movement: pods, missiles, drones . . .

- “It would seem that an entire plane disappeared upon impact.” [Answer – Many many documented plane crash sites leave virtually no debris.]
- “So what could blow a 16 foot hole in the outer ring of the Pentagon? . . . A *cruise missile*.” [Answer – Wrong. A Boeing 757 could.]
- “Why is the damage to the Pentagon completely inconsistent with a Boeing 757?” [Answer - It’s not, the first floor hole is over 90’ wide.]
- “So if Flight 93 didn’t go down in Shanksville, then where? You ready for this? Cleveland.” [Answer – Flt 93 was most likely shot down.]
- “Flight 93 passengers were taken to an empty NASA research center.” [This is pure speculation mixed with information from a real flight which landed, Delta 1989.]
- “If different planes were used, what happened to the original ones?” [Answer- There is no evidence that anything but the real planes were used in any the attacks.]
- “None of those calls [from the flights] could have possibly taken place.” [Answer – there is no clear evidence for the calls being fake or impossible.]
- “So what happened in the North Tower? Ask Willie Rodriguez. . . . explosions coming from the basement . . .” [Answer – muddling evidence - there were explosions in the basement and lobby, but the towers collapsed from the top down.]
